

Team Name: sdmay21-32

Team Members: Michael Boyle, Dylan Hodge, Dylan Smith, Jeff Kinard, Mark Endeshaw, Sam Hassebroek

Report Period: Oct12-Oct 18

Summary of Progress in this Period

- Trained Mask-RCNN model.
 - Trained neural network models with instance segmentation
-

Pending Issues

- No pending issues for this period.
-

Plans for Upcoming Reporting Period

- Train Faster-RCNN model of neural network.
 - Check the accuracy for the trained model of Mask-RCNN
 - Extract bounding boxes with coordinates
 - Revise Faster-RCNN dataset classes
-
